HON RATANA

DATA SCIENTIST

Prey Sar, Dang Kao, Phnom Penh | +855-938-682-16 | hon.ratanah@gmail.com
Portfolio: ratanahhh.github.io | **GitHub:** ratanahhh | **LinkedIn:** hon-ratana

SUMMARY

A data scientist graduate with a year experience with data analysis, machine and deep learning, and computer vision. Experienced in data annotation, data analysis, YOLO inferences and LLMs.

SKILLS

Python, R, SQL, Power BI	Computer Vision, CVAT	Statistical Analysis
EDA, Git, Github, Ollama	ML, DL and LLMs	Apache Nifi& Airflow

EXPERIENCE

Orbital Engineering, Inc. (Cambodia Office) **Sep,2025 - Present**

- Support TIN project with accurate data annotations
- Image Metadata Analysis, Images clustering and YOLO inferences
- Pipline to upload and extract data to CVAT and database
- Explored Ollama, Langchain and Huggingface

Internship at EY (Cambodia) Ltd **Feb-May 2025**

- Contributed to auditing procedures - boosting confidence and communication skills
- Basic understanding of Expected Credit Loss (ECL) and IFRS 9

Internship at DCx, Co., Ltd **2023 - 2024**

- Collected and organized data through structured interviews.
- Designed and prepared survey questionnaires for data collection.
- Extracted and loaded data into the database using Apache Airflow for automated workflows.

EDUCATION

Bachelor of Engineering in Data Science **2020 - 2025**

Department of Applied Mathematics and Statistics, ITC

- Thesis on "Estimating Loss Given Default using Machine Learning".

Bachelor of Arts in Professional Communication **2020 - 2024**

Department of English, IFL, RUPP

- Communication, Interpersonal skills, Grant proposal writing

ADDITIONAL INFORMATION

- **Languages:** English (Good), French (Basic).
- **Awards:** Top three awards of Agro Crea Lab Project (August to November,2024)
- **Other Course :** Digital Entrepreneurship and Digital Marketing at Sisters of Code (June to September, 2024), Data Science Bootcamp (Unisco Unitwin)
- **Volunteering activities**: Teacher volunteer at E-Robot (October to December, 2023)
